

Cozy Lyrics Download - Beyoncé

Damn I love the burning of the dagger
from the words that you say Fuck yeah
Dancin' in the mirror,
kiss my scars because
I love what they made Ooh yeah
She's a God
She's a hero
She survived all she been through
Confident, damn she lethal
Might I suggest you don't fuck with my sis
'Cause she comfortable
Comfortable in my skin
Cozy with who I am
Comfortable in my skin
Cozy, cozy
Comfortable in my skin
My feet up above your sins
I love myself, Goddamn

Cozy, cozy

I'm so cozy

I love me

They hate me

Because they want me

Been down, been up

Been broke, broke down, bounced back

Been off, been on, been back

What you know about that?

Been the light, been dark, been the truth

Been that king Bey energy

I been thick, been fine, still a 10

Still here, that's all me

Black like love too deep

Dance to the soles of my feet

Green eyes envy me

Paint the world pussy pink

Blue like the soul I crowned

Purple drank and couture gowns

Gold fangs and shade God made

Blue, black, white and brown

Paint the town red like cinnamon

Yellow diamonds limoncello glistening

Rainbow gelato in the streets

Renaissance yachtin' in Capri

You're a God

You're a hero

You survived all you been through

Confident, damn you lethal

Might I suggest you don't fuck with my sis

'Cause she comfortable

Comfortable in my skin

Cozy with who I am

Comfortable in my skin

Cozy, cozy

Comfortable in my skin

Cozy with who I am

I love myself, Goddamn

Cozy, cozy

I'm cozy

I'm juicy

You hate me

'Cause you want me

I'm swaggy

Effortlessly

It's how God made me

So bitch pay me

Ching-a-ling, Ching, Ching

Cozy, Cozy

Comfortable in my skin

Cozy with who I am

I love myself, Goddamn

Cozy, cozy
